

Get the money
your health insurance
owes you.

better

If you pay out-of-pocket for healthcare, Better can help.

Better is an app that makes it simple for you to get paid back for out-of-network medical bills.

Better charges 10% of the money you get back. Any claims applied to your deductible or not paid by your insurance are processed for free.

It's that simple.

How it works

Visit an out-of-network specialist and pay your bill.

Use Better to take a photo of the bill and submit your claim.

Get paid for your claim after it's been processed!

What is the difference between a PPO and a HMO?

A PPO policy typically has the fewest restrictions on paying you back for care from providers that don't take insurance. Many HMO policies only cover care outside your network in the case of an emergency.

What is a deductible?

A deductible is the amount you must pay before your insurance will start to pay you back for your care. Deductibles can range from \$0 to \$20,000.

What is an allowed amount?

An allowed amount is a price set by your insurance policy for the healthcare services you received. When a claim is processed we verify that the amount allowed is correct for your policy.

What is co-insurance?

Your co-insurance is the percentage of the allowed amount that you are responsible for paying, once your deductible has been met. Co-insurance typically ranges from 20% to 50%.

Things to know

Better works with any insurance company.

Your information is encrypted at all times. Better is fully HIPAA compliant.

Not sure if your bill is covered? Send it and we'll check for you.

Testimonials

Maia

“Better has gotten thousands of dollars in reimbursements for me by fighting intelligently and relentlessly.”

Shuka

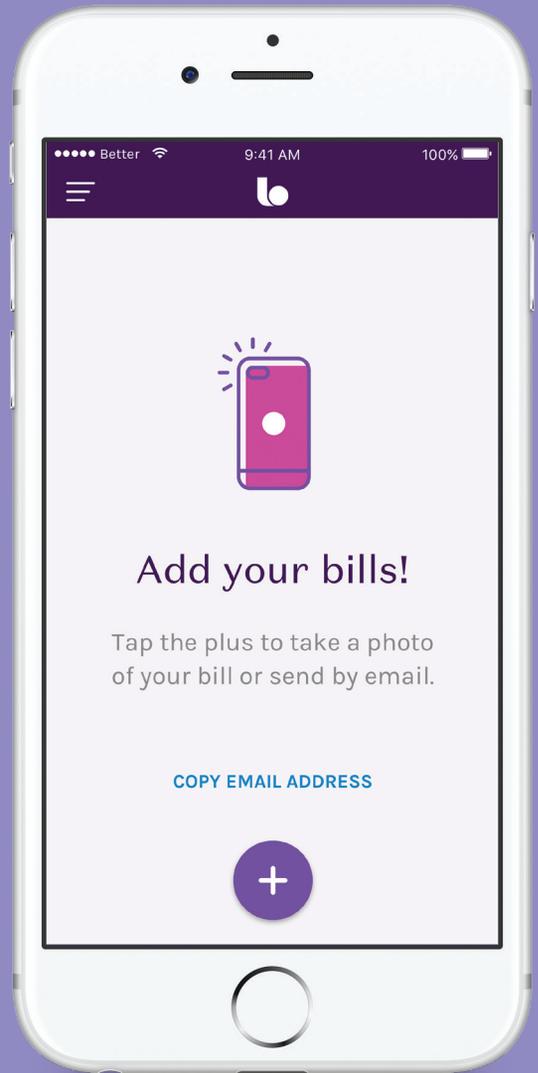

“Better takes the stress out of dealing with my health insurance claims.”

Rachel

“Better gets rid of hassle. It gets rid of confusion. It literally makes getting reimbursed a 3 second experience.”
